Year 3 Newsletter - Spring 2 2020

Dear Parents,

Welcome to the new school term and welcome back to Year 3.

I hope you had a fantastic holiday and are ready for a busy half term ahead. Spring 2 term will be an

exciting time for Year 3, with lots of engaging and interactive lessons, to develop their knowledge.

English Current and the second s		
Image: the second sec	English	Our author for this term is Oliver Jeffers
In writing, we will be continuing on our Finding tale - Retpunzel with a focus on character descriptions and story endings. Pleaser feel free to visit the following websites on that children can become familiar with the key story plots. https://www.talk4writing.co.uk/wp-content/uploads/2013/08/Adapted Generic Story. Plots MR2.pdf Reading for Pleasure Yean 3 will be reading different genes of text to widen their knowledge and appreciation. We have some exciting opportunities for the children, this half term, as they will be meeting two authors: Karl Now who is a fontastic peet and Jennifer Killick I do encourage you to research both these authors and familiaries yourselves with their work. This term we will be continuing focusing on fractions and then move on to statistics. For support with definitions and explanations, go to https://www.mtakifun.com Lindern will be learning their 7, 12 tables, including division focts. Please allow your child to log on to our recommended websites to practise their futurery at least 2 times a week. These have some fun interactive games to develop; their speed with trach typing and fluency with times tables. Useful websites mathframe.co.uk, timestables.co.uk and throckstors.co.uk In Science, we will be learning thout the parts of a plotta and its function, the requirements of plotts for life and growth, investigating how water is transported and exploring the life cycle of flowing plants. In this unit, they will be learning thout the parts of a plotta and its function, the requirements of plotts for life and growth, investigating how water is transported and exploring the life cycle of flowing plants. In this unit, they will be learning thou voy can help your children will be Christianity. <u>Attendance</u>

In order for your child to get the best out of school and maximise their learning, please make sure your child is **on time for school and comes to school every day.** School starts at **8.45am**. Thank you.

<u>Homework</u>

Homework will be given out on *Fridays* and should be returned on *Tuesdays*. <u>Children will also be given additional homework during the term to support class lessons</u>.

We look forward to working with you this half term. If you have any queries or need any extra information, do not hesitate to see me before or after school

Thank you.

Ms. Griffith and Miss Pringle
