

<u>ST MATTHEW'S CHURCH OF ENGLAND PRIMARY PUPIL</u> <u>PREMIUM STATEMENT - April 2019 (REVISED)</u>

For the financial year 2019-20 St. Matthew's C.E. Primary Teaching and Research School has been allocated £165.00.00 Pupil Premium funding. Primary schools receive £1,320 for each child registered as eligible for free school meals, at any point in the last 6 years. Primary Schools receive £1900 for Children who are Looked After.

Summary of the barriers to learning:

Deprivation - The school serves a community, which reflects extreme social and economic challenges. 86% of children eligible for free school meals (ever 6). The school's deprivation indicator is 0.44, which is more than double the national average of 0.21.

Behavioural, Mental and Social health and wellbeing needs- Many of our children and families have challenges with routines, parenting capacity, mental health, and managing emotions.

Diversity - 94% children from minority ethnic families, 69% speak English as an additional language. Some of the children need targeted support in order to catch-up with their peers in terms of language and oracy.

Start Points - Assessment on entry to the foundation stage, show many children have poorly developed communication skills, little or no english, poor personal, social and emotional development. Attainment on entry is substantially below developmental milestones for the majority of children. In 2019 baseline to Reception showed 87% of children coming in below or significantly age related expectations in language and communication.

Mobility - the school has 79% mobility putting the school in the second from bottom quintile for stability.

Chosen action / approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	When will you review implementation?	Staff lead?
READING SUPPORT IN YEAR 3 AND YEAR 4	To meet the demands of the new curriculum in reading means we need to invest in high- quality first teaching of reading and outstanding interventions to support this. Research (John Hattie, Sutton Trust toolkit) have shown that small group interventions with highly qualified staff are effective in promoting pupil progress.	Story Hunters Year 3 & Reading Gladiators Year 4 higher attainers Small group reading programme for all children in Yrs 3 and 4. Teachers will be asked to evaluate the impact of interventions, during their termly pupil progress meetings and	HT - Sonia Thompson/AHT Daniel Martin £5218.00
	Ensure that teachers and teaching assistants are well trained and deployed effectively to accelerate children's progress. They will also assist in creating personalised intervention programmes to best support children's needs. Children make expected or better attainment	Regular learning walks of reading across the school. Children make expected or better attainment and talk with enthusiasm about their academic future. Teachers have had	performance management meetings	

	and talk with enthusiasm about their academic future. PP children make better progress in reading so that their writing is influenced by this PP children can achieve well in spelling Children enjoy reading and can talk enthusiastically about a book they are enjoying. PP children achieve in line with non-PP children.	Shared Reading training and this has provided all staff with some clear strategies to support children with reading comprehension. When children read daily they gain in confidence. That 10-15 minutes of chatting about the book and linking the story to something they have experienced helps them to remember in long-term memory what they have learned. This time makes them feel valued. This time makes them see that books are positive and enjoyed. The boys who do not like reading will be more inspired in class with book more appropriate to

Improved memory - Music and memory go		
hand in hand. Learning to play a musical		
instrument makes you use both parts of your		
brain and this in turn boosts memory power.		

	Maestro Eduardo Marturet, found that participation in music at an early age could help improve a child's learning ability and memory by stimulating different patterns of brain development. Music education is also linked to higher IQ levels and the physical development of certain parts of the brain.			
Morning Club Salary & Resources	Reduce pupil mobility- support for parents who have moved out of the Nechells locality. (From 70.2 stability up to 79.2.) Support for parents who work or attend higher education. Opportunities for social and language skills to be developed. Improved attendance and punctuality for children identified as being at risk of underachieving. Aim to reduce Level of persistent absence.	We provide a daily social morning club, which is subsidised through the use of the Pupil Premium fund. Fees are reduced even further, at the discretion of the Headteacher, for children identified as being most in need and during periods of increased instability, for families. We have employed a play worker to coordinate the service. She has purchased a range of play equipment to encourage the children to be engaging in social activities. Healthy snacks are provided as part of the daily morning club.	Children are able to make sensible choices about activities. Children able to achieve personal goals and challenges. Raised parents' awareness of the importance of attending school daily - especially for our vulnerable pupils. We have an increased numbers of pupils who attend breakfast club. Pupils attending breakfast club have improved attendance, concentration and attainment.	HT - Sonia Thompson/Kim - Data Manager Blewitt £115,672.00

<u>G&T</u> <u>Teacher</u> <u>/Academic</u> <u>Excellence</u>	Extended Provision for the higher attaining children Improved language and communication skills. High achievers are further motivated though having additional well paced, language rich lessons, where feedback is immediate and activities are stimulating. Enables more able children to catch up, then keep up and sustain learning, alongside their academic peers. Aspirations are challenged and children's pathways are potentially changed. We provide a long-term opportunity for children to sit and pass 11+ tests or to be able to apply for scholarship at Independent Schools. Greater number of children achieving 'Exceeding' by the end of the academic year.	We provided tuition for two hours per week for up to nineteen gifted pupils across the school. Children work with 'experts' whose day-day role involves working with high achieving pupils. Our Governors have been very impressed with the outcomes of this programme and have funded all the children to attend a one- week summer school.	Pupils have greater access to structured play and organised sporting activities. Termly, Pupil Progress Meetings Termly Book Scrutinies Review meetings with Academic Excellence All children on the programme are on track to achieve GDS at the end of the year for Reading, Writing and Maths based upon Spring 2018 data review.	HT - Sonia Thompson £17000.00
Pastoral Lead	To continue to have a full-time Learning Mentor to develop and support children's emotional, social and behavioural needs and to support the children through difficult times, e.g. transition or family difficulties. The Learning mentor develops targeted behavioural interventions for identified	The vision for the SLM is to develop the three main factors that support a child's resilience: High attainment at school; strong personal and social skills and parental support for their child's learning.	Bi Weekly pastoral meetings, where whole school behavioural data is analysed and actions are put into place for key individuals and key families.	Danielle Williams See salaries

students. The Learning Mentor also organises parental work alongside these interventions. The EEF toolkit suggests that targeted interventions matched to specific students with particular needs or behavioural issues can be effective. Experience fewer behavioral difficulties. Increase in parents attending parent consultation days (96% 2017 93% 2018 95% 2019) and parents' to school days. Results of questionnaires show that parents feel they receive help from school to support their child's education. (93% of parents reported that the they received valuable information from the school about their child's progress) Re-establishing and reinforcing a positive perception of school and learning and improved self-efficacy for the whole family (96% of parents reported that the school responds well to any concern that they raise)	This is being achieved by: Creating a welcoming environment (Parents room and outside court yard areas have been developed) Arrange: workshops, Parent Consultation Days, Parent to School Days and basic skills workshops for parents Supporting the school to respond to wider societal issues such as childhood obesity, extremism, gang violence and poor parenting by organizing workshops around: healthy eating, oral health, Street 'Clear up' sessions, Fundraising projects, Baby Saver and Stay and Play sessions. Some of these workshops are open up to the wider community Provide a program of out of hours learning opportunities for parents and children.	Greater support for Pupils and families in Early Help strategies. We have witnessed increased enjoyment levels of the pupils through using online books, and access to the library. Increased motivation and enjoyment at playtimes and lunchtimes. Pupils able to make sensible choices about activities. Pupils able to achieve personal goals and challenges.
