

St Matthew's
Teaching School

St Matthew's School Direct Teacher Training

(tuition fee) – 1 place

Applications for School Direct 2020/2021 opened on Tuesday 8 October 2019 on UCAS Teacher Training: www.ucas.com

Our school direct programme is aimed at those who want to teach children in the 5-11 age range.

We strongly believe in school-led training, because we can recruit high calibre trainees and support them to become the very best practitioners.

We expect our children to benefit from exceptional teaching that allows them to attain excellent results, whatever their starting points. You will have access to outstanding lessons and teachers for observation and help with planning.

As part of the Research School Network, we are able to offer our teachers and trainees access to the latest, robust, evidence-informed training.

Working in partnership with Titan Teacher Training, we tailor our offer to the needs of our trainees, to ensure that they are fully supported throughout their time on our programme.

You will be based at St Matthew's for your training, but you will need to complete a short second placement with one of our partnership schools. This will give you a balance of experience across two contrasting school settings.
